

HERE ARE your neighbors in Sierra Madre who are giving of their spare time to prevent enemy aircraft from penetrating the Air Defense Network. They are (left to right) Ruby Mathews, 126 Lowell; Felix Gibian, 69 W. Carter; and Nell D'Arcy, 321 E. Sierra Madre boulevard. Mr. Gibian, who has served between 150 and 200 hours at the Pasadena Air Defense Filter Center, recently ended this work to devote more time as vice-chairman of the Sierra Madre Disaster Committee. The filter center, 171 S. Grand avenue, needs approximately 949 more conscientious citizens to maintain its efficiency. Most urgently needed are volunteers for the night shifts.

Around the Square

John Woods, newly-elected Recreation Commission chairman, got right into the swing of things at the first session of the city's boxing class last Wednesday. After loaning a set of gloves to the class, he slipped on a pair himself and squared off to show the boys how a real boxer looks.

A bouquet of orchids and roses must go to Mrs. Harold L. Shearer, 813 Woodland Drive, who donated two mirrors for use in the pool bathhouses. Mrs. Shearer, an employee at the local Post Office, heeded a request carried in the NEWS. Ahem!

We're overjoyed to announce that the long-defunct drinking fountain in Hopper's Park is now gone. It faded, reluctantly, into history Monday when city workmen tore it down. Now, about that new one...

The pre-council "iron curtain" meeting was delayed for a while Monday night so city fathers could hear General MacArthur's keynote speech at the GOP Convention.

On the next night, the lure of the convention broadcasts and telecasts was too much for normally civic-minded Sierra Madreans. The "audience" at the regular council meeting Tuesday was practically nil, just one couple. And this man and woman left immediately after their business with the councilmen was completed.

Our little comment last week about Mark Dailey's name appearing on two seemingly conflicting petitions has caused quite a stir. Mr. Dailey, first of all, says the petitions did not oppose each other. He contends one was in support of what was proposed for an R-3 lot of Bella Vista Court; the other was against the construction of an additional dwelling and garage on an R-1 lot of the court.

One or two members of the Planning Commission take the view, however, that the petitions both concerned the R-1 lot so, therefore, were conflicting.

There are the two sides. You can take your pick.

Do you ever glance at your driving license? If you don't periodically, you may be in for a shock someday. Many people have the awkward experience of learning that their licenses are expired—some even as far back as a year ago.

—STAN CANN

Board Calls for Full-Time Chief

The National Board of Fire Underwriters has recommended that Sierra Madre's Volunteer Fire Department be strengthened by the addition of paid men on duty and a full-time fire chief. Following their first study of Sierra Madre since 1938, engineers from the board have suggested that "a minimum of two men on duty is strongly urged to improve maintenance and response."

They said the position of fire chief should be established on a "full paid basis" for the improvement of administration, planning, and maintenance of the department.

Among the recommendations checked for most "early attention" by the board was this one: "that the training and drill program be expanded to assure the effective operation of equipment and company units in the application of modern fire fighting methods under major fire conditions as well as

—Turn to page five

City Now Set To Increase Water Pressure

The change-over job to increase water pressures to homes in the southwest areas of Sierra Madre is scheduled for today or tomorrow.

The operation consists of switching the area south of Sierra Madre boulevard and west of Lima from the Miramonte reservoir to the Grove street reservoir.

Al Freeland, city water superintendent, said the water-pressure increase to most homes in the area would be approximately 40 pounds.

Preliminary Plans Set for Day Camp

Preliminary plans for Sierra Madre's annual day camp were announced this week by Philip T. Mitchell, recreation director, who said a new location is being studied for the camp site.

Although the day camp in other years has been held at the Youth Hut grounds, Mr. Mitchell said the Recreation Commission is hoping to obtain use of other land, preferably near the foothills and "away from the city environment."

This would give the youngsters "a real feeling of camp life," he explained. The director said one specific spot is under consideration, but it has not been confirmed as yet.

Two camp periods of one-week each are scheduled between Aug. 4 and Aug. 15. The first five days will be for boys and girls who will enter the second and third grades in the fall; the second session will be for youngsters of grades four, five and six.

Meanwhile, at a special meeting of the commission

Commission Sets Deadline In Bus Tangle

The State Public Utilities Commission has given two competing bus lines until Aug. 1 to solve the problem of serving residents in the Upper and Lower Hastings Ranch.

If no agreement is reached then by Pacific Electric and Pasadena City Lines officials, the commission was reported to have said it would welcome a proposal from some third transportation company.

It was understood that PE has "flatly refused" to expand service to ranch residents beyond the route it now runs to and from Sierra Madre. It also was said that PE will not surrender the line so another company can take over.

PE has rights to exclusive coverage of the ranch area by virtue of a contract with Pasadena City Lines, drafted in 1940—before the ranch was developed as a residential area. This contract is viewed as the reason for disagreement between the two companies.

Radio Class To Start At School

A class in radio speech and training will begin at City School next week, if enough interest is shown by Sierra Madre youngsters.

Teacher of the class will be Miss Pam Cordray, the "Enchanted Lady" of Station KWKW.

Charles A. Skutt, school superintendent, said the after-

—turn to page five

Class Continues In 'Manly Arts'

Instruction in boxing, wrestling, and tumbling is continuing Wednesday nights at the City Parkhouse, 7-45 p.m.

Philip T. Mitchell, recreation director, announced that youths 10 to 20 are eligible to take part in the class, and coaching in tennis may be made available if enough interest is shown.

He remarked, incidentally, that a donation of some canvas would be "welcomed" to cover the series of small mats being used as an improvised ring.

Monday night, members heard recommendations from William Woollett, prominent landscape architect, on a long-range program to develop City Park. Mr. Woollett submitted preliminary sketches which included plans for a wading and swimming pool, adult recreation center, improved tennis courts, and enough picnic grounds for 100 persons. The recreation specialist will meet with the City Council on July 16, it was announced.

There was reported to be doubt among the commissioners, however, as to whether such a project could be financially carried out.

Council Terms Parallel Parking as 'Inevitable'

Sales Clerk Foils Shop Lifting Try

An alert sales clerk foiled a shop-lifting attempt by two teenage boys Monday afternoon.

Miss Jean Marshall, clerk at the Don Jackson Men's Store, 14 W. Sierra Madre boulevard, told officers that two youths came into the store to "browse around" shortly after 3 p.m.

While one of the boys tried to attract her attention with a question, she said she glanced at the other one in time to see him put something in his pocket. She immediately noted that one of the wallets on sale was missing from its box.

Police reported that the girl had the boys remove their wallets from their pockets, and she identified one as being the missing billfold.

Miss Marshall quoted the youth as saying, "How did that get in there?" as he returned the wallet to her.

Shocking Incident

Vandal Learns Watt's Watt as He Shorts Park Light Meter Box

Retribution was swift last week for some "unk" (police term for "unknown person") who tried to break into the 25-cent light meter box at the City Park tennis courts.

The vandal pried off the face of the meter and shorted it. Officers said he probably was lucky he wasn't electrocuted in the resulting flash.

"He probably got such a jolt that he forgot to open the coin box," theorized Officer H. S. Embree.

The meter was badly damaged during the shocking incident. But the vandal did get away with one quarter.

Clipper Club Will Hear Garden Expert

The Clipper Club of Trinity Presbyterian Church will hear a talk by Joe Littlefield, one of the Southland's foremost

JOE LITTLEFIELD ... 'It's simple'

gardening authorities, at its next meeting, July 21.

The club session will be held at 342 Camillo road, starting at 7 p.m.

Mr. Littlefield, well known for his practical "down to earth" gardening advice, will discuss "Home Yard Care."

After 25 years of "dirt-under-the-fingernails" experience, he maintains that there are no deep, dark secrets to good gardening. "It's all a matter of simple, regular, periodic follow-through on a few important fundamentals," he stated.

ARC Seeking Craft Workers For Hospital

Volunteers to help supervise arts and craft work at the Sister Kenny Hospital in El Monte are being sought this week by the Sierra Madre Red Cross Chapter.

Mrs. Sam Haskins Jr., volunteer services chairman for the ARC here, said residents having skills along those lines are asked to contact her by phoning Custer 5-4927.

EXPEDITE OFFSTREET LOTS, PARKING COMMITTEE TOLD

The City Council went on record Tuesday night with a statement that parallel parking is "inevitable" for downtown Sierra Madre.

Councilmen urged that the parking group's sub-committees "bring promptly to conclusion" their study of how to provide off-street parking lots.

They suggested two possible ways of obtaining offstreet lots: (1) individual merchants could purchase lots and post them as being available to their patrons; or (2) money could be raised to buy lots by increasing the business license fees or installing parking meters.

City Attorney T. Guy Cornyn was instructed to draw up an ordinance providing for one-hour parking zones where two-hour parking exist at present. This action had been recommended by the parking committee.

The councilmen also requested that, in considering all new C-1 or M-1 zones, the Planning Commission set aside certain areas (possibly 40, 50, or 60 per cent of the land) as offstreet parking zones.

Police Chief Gordon McMillan was given the option of painting in temporary angle-parking stalls, to be used until parallel parking is instituted. It was pointed out that, according to state law, if streets are not painted for angle stalls they automatically are assumed to be for parallel parking use.

Technically, therefore, every car that has parked diagonally since the streets were repaired last year has been in violation.

Sierra Madres Parking Committee recommended last week that the present downtown angle parking be retained until "permanent and adequate" off-street parking lots can be provided.

The resolution, which passed by a 10 to 4 vote of regular committee members, ended a preliminary phase of debate and opened the way for discussing their toughest problem: off-street parking.

A second resolution, also introduced by Merchant Sam Perlot, asked the City Council to change the time limit to one hour where two-hour parking is now the rule. Excluded from this recommendation were parts of Montecito and Windsor Lane.

Chairman Al E. Morgan appointed three sub-committees: One, to study financing of offstreet parking, has Rudolph Hartman, Don Jackson, Dan Strite, and Larry Garland as its members.

A second group, which includes Harry A. Lange, Thomas Schwartz, J. C. McKibben and Jessie E. Dunning, will study the available of land for purchasing, "or at least leasing," offstreet parking lots.

A. P. Niles, Lloyd Welch and Vestal Hall will work with Police Chief Gordon G. McMillan in laying out several 20-minute "green" parking zones for the convenience of "quick-trip shoppers." Mr. McMillan observed that "the judicious use of such zones is beneficial."

Voting "no" on the motion to retain 45-degree, 8-foot wide angle parking stalls were Mr. Niles, Mrs. Charles James, Miss Dunning and Chief McMillan.

In opening the session Chairman Morgan announced that "before we get to the knock-

—Turn to page eight

New Bi-Monthly Billing Scares Some Citizens

City officials reminded householders this week that, although their water bills are now twice as big as they were, they now come only half as often.

The city's new system of bi-monthly billing is now in effect, and some Sierra Madreans have registered "indignant surprise" when the double jolts arrived.

They didn't stop to think that this was the first bill they had received in two months.

Another source of misunderstanding, according to Water Superintendent Al Freeland, is the rubbish pickup service charge which is added onto the water bills.

"For most residents," Mr. Freeland explained, "this charge is \$1 a month. It's still the same rate, of course, but the bills now say \$2 since they cover a two-month period."

He pointed out that 2-inch water meters (there are 57 in the city still) are read each month.

The bi-monthly billing system was undertaken as a means of reducing book work.

FAITH LUTHERANS ACCEPT GENERAL BUILDING PLANS

General plans for the new chapel and church building of Faith Lutheran Church were accepted by the congregation last week.

At a meeting Wednesday evening, July 2, the Lutherans selected Herbert Kaiser of Pasadena as their architect and instructed him to proceed with drawing up the actual working blueprints.

Construction of the chapel unit will begin as soon as the blueprints are ready, according to Frederic Schweppe, treasurer. The new church will be located on property owned by the congregation at the southwest corner of Sierra Madre boulevard and Hastings Ranch Drive, directly opposite the Trinity Presbyterian Church now under construction on the southeast corner.

Mr. Schweppe said the chapel

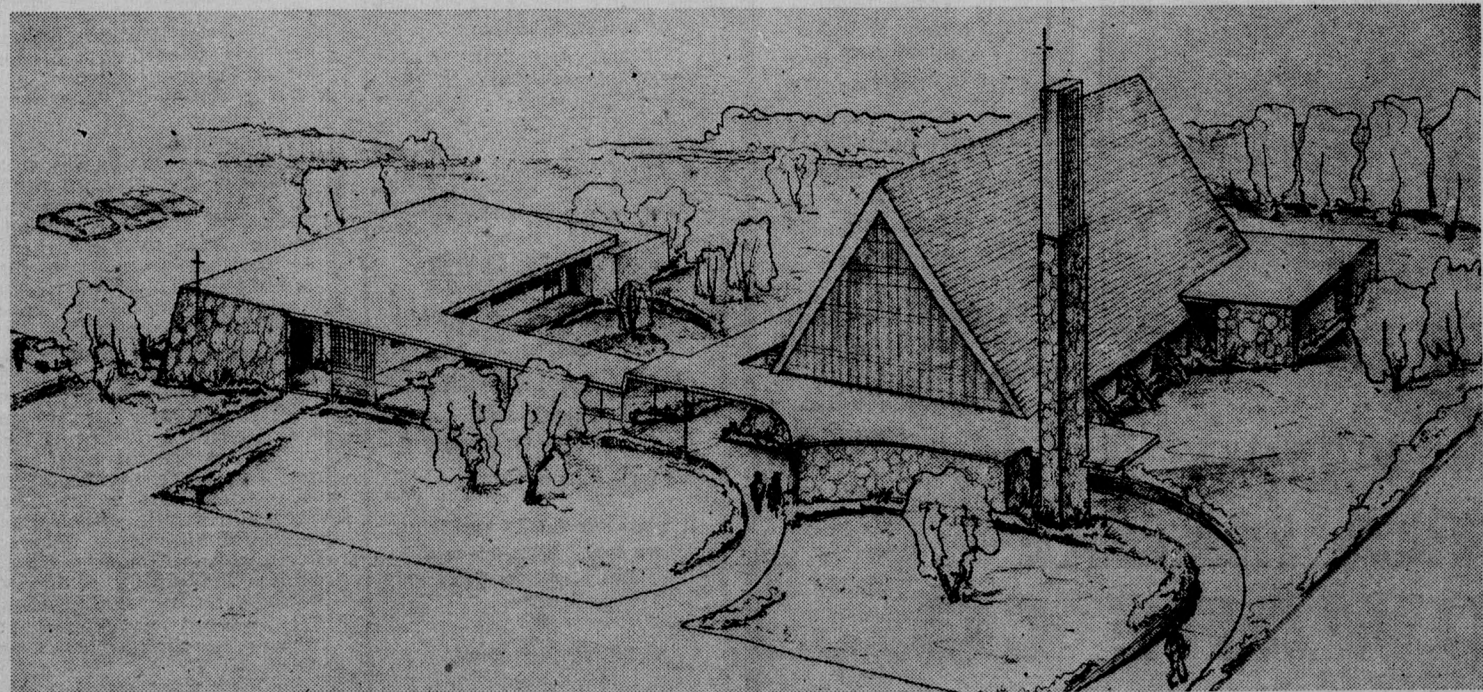

—Turn to page eight

CANYON PLUNGE TO OPEN NIGHTS

Sierra Madre's Canyon Pool will be open for evening swimming beginning Tuesday, July 15.

The night pool hours will be 7 to 9 p.m., Tuesdays, Wednesdays, Thursdays and Fridays throughout the rest of the summer.

Philip T. Mitchell, recreation director, said flood lights are being installed at the plunge this week.

ARTIST'S SKETCH of proposed Faith Lutheran Church shows flat-roofed chapel unit at left which will include an auditorium, three Sunday School classrooms, a pastor's study, kitchen, women's lounge, and men's rest rooms. Construction on this unit will begin as soon as final blueprints are drafted. Architect for the job is Herbert Kaiser of Pasadena. The new church will be located at the southwest corner of Sierra Madre boulevard and Hastings Ranch drive.

NEW GYMNASIUM PROJECT STARTS AT BOYS REPUBLIC

Ground-breaking ceremonies for the new gymnasium at Boys Republic, Chino, took place last week at the 45-year-old boy community.

Taking part in the event were Nicholas E. Griffin, board president; Mrs. Eugene Field Englar, president of the Pasadena Auxiliary of the Boys Republic; Mrs. Neal Batterson, past president and project chairman of the auxiliary; Warren Warner, Republic mayor; and Mrs. Ivo L. Clarich, auxiliary member, whose architect husband furnished plans, design, and specifications for the new recreation facility. O. K. Earl Jr. of Pasadena is contractor.

Sierra Madre auxiliary members include, besides Mrs. Englar, Mrs. George Ellis and Mrs. Russell S. Simmons.

Substantial aid is being furnished the project by the Pasadena auxiliary, whose nationally famous Pasadena Civic Auditorium Rummage Sales attract thousands on the third Thursdays of March and October of each year.

Republic boys will help in the construction as they do in all such Republic projects. The gymnasium site overlooks a 440-yard running track completed last year by boy work in cooperation with the Solteros Club of Pasadena.

Women Donate 1500 Cookies To Veterans

The Sierra Madre Red Cross Chapter supplied cookies recently for a party given patients at the Long Beach Veterans Hospital.

The cookies—1500 of them—were donated by local women.

R. G. McMillan Wins Promotion

Ronald G. McMillan has completed the first phase of his US Air Force training and has been promoted to the rank of airman second class, the equivalent of corporal.

McMillan, the son of Police Chief and Mrs. Gordon G. McMillan, 368 Mariposa, is still stationed at Sheppard Air Force Base, Wichita Falls, Texas, and is now starting a 1½-month course on engine specialist training. He has been in the service since last October.

YMCA Day Camps Start in Arcadia

Santa Anita District YMCA's Day Camp is now in full swing at Arcadia County Park following the opening day Monday, according to Hubbard S. Russell Jr., general secretary.

Any boy or girl, 7 to 12, may register for Y Day Camps for from one to six weeks. In addition to the three weeks of day camping at Arcadia County Park, through July 24, three camping weeks will follow at the Recreation Park in Monrovia from July 28 to Aug. 14.

LOUIS VAN IERSEL TO HEAD VENICE SURFESTIVAL PARADE

Louis Van Iersel, Congressional Medal of Honor winner of Sierra Madre, will serve as one of two grand marshals for the Venice Beach Surfestival Parade on Sunday, July 20.

Mr. Van Iersel, 134 E. Montecito, will share the spotlight with Walter Ehlers, another Medal of Honor holder. The Sierra Madrean is an active member of the local Post No. 3208, Veterans of Foreign Wars.

The parade will include music by the Marine Band and an Armed Forces color guard. Scheduled to lend additional prestige to the event are LA's Mayor Fletcher Bowron and Councilman Harold Harby.

H. M. Hickok Dies at 77; Rites Today

Funeral services will be held at 3 p.m. today, July 10, for Harvey M. Hickok, 132 S. Hermosa, who died at his home early Monday morning, July 7. Mr. Hickok had been ill for several years.

Born in Augusta, Wis., 77 years ago, Mr. Hickok spent his business life in Minnesota, where he designed and built grain elevators and flour mills. He served in the Spanish-American War as a member of Company D, Minnesota Volunteer Infantry, and was a member of the Charles Lindbergh Camp, United Spanish War Veterans No. 103 of Monrovia, Calif.

After attending the University of Minnesota, Mr. Hickok entered Massachusetts Institute of Technology and was graduated in 1905 with a civil engineering degree in structural engineering.

Following his business career, Mr. Hickok traveled extensively with Mrs. Hickok through the Western and Southern states, finally making California and the City of Sierra Madre their residence choice.

Mr. Hickok is survived by his wife, Jessie E. Hickok, a well-known member of the Sierra Madre Order of Eastern Star; a sister, Mrs. Clara Hickok, a sister-in-law, Mrs. Margaret Thompson, both of Sierra Madre; and a brother, Lyle Hickok of The Dalles, Ore.

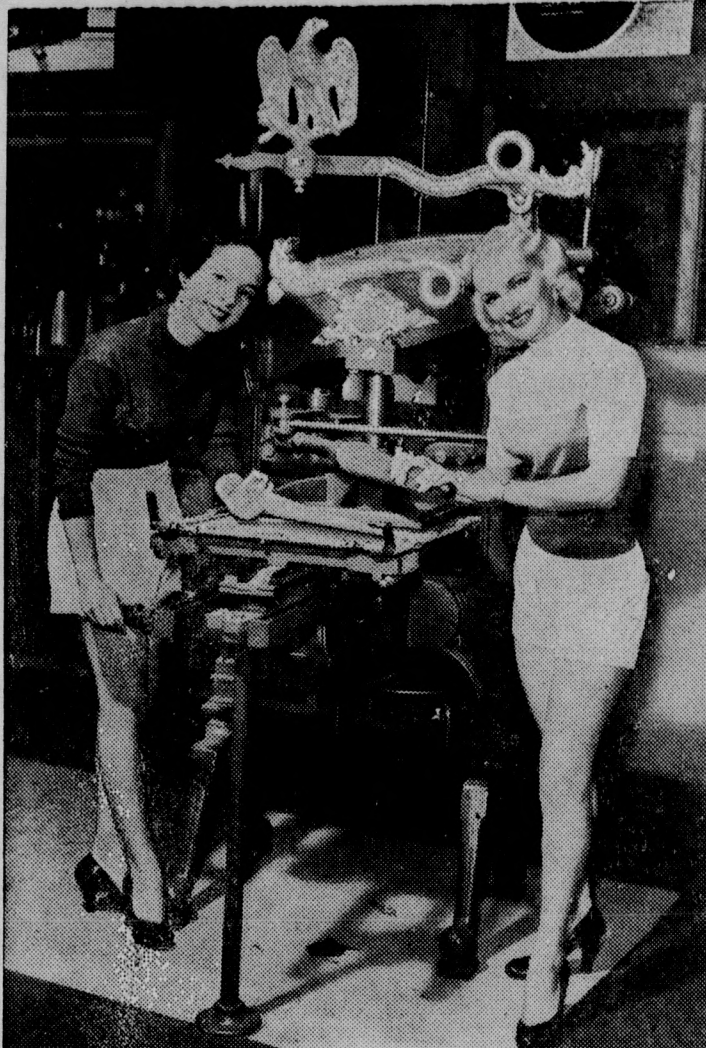

Military rites will be conducted this afternoon by members of the Charles Lindbergh Camp, USVW No. 103, at the Church of the Recessional, Forest Lawn Memorial Park.

Arthritis, Bursitis, and Neuritis
Given Relief with
Ultrasonics

The first use of Ultrasonics in the United States with American built equipment was conducted in our offices here in Sierra Madre and Los Angeles. For this reason our experience with the use of this new form of energy precedes that of any other users either locally or elsewhere in this country by the chiropractic profession.

We are tremendously pleased at this time to be able to announce that our results with Ultrasonic energy in a wide variety of diseases and ailments has been very gratifying and successful. Since Ultrasonic therapy is applied to the spinal nerve roots as well as to the local area of complaint, we consider it is essentially an extension of the application of generally accepted chiropractic principles.

Intelligent people do not expect any form of therapy to be a panacea for all human ills. We have however found that Ultrasonic adds a great factor in the relief of pain in arthritis, neuritis, bursitis, sciatica, Burger's disease, osteoarthritis, prostatitis, shingles and innumerable other complaints.

In arthritis the proven fact that Ultrasonic energy does increase cell permeability many times has greatly aroused expectations for unheard of freedom of movement and relief from pain. These expectations have been largely fulfilled. While arthritis is essentially a disease of nutritional deficiencies, Ultrasonic energy greatly restores the ability of the affected cells to again absorb their normal nutritional requirements from the blood stream.

For further information write or call our offices for our recent widely published article "Ultrasonics: A Preliminary Clinical Report."

POLICE FROWN ON THIS WAY TO TRIM TREE

"There's someone standing in the street shooting a rifle into the tree tops."

This complaint brought police officers to 771 Brookside Lane on the double early Sunday afternoon.

The man at that address, armed with a pump-action air rifle, explained that his sycamore tree had a large dead limb hanging directly over the spot where his children play.

He said he was trying to hit and break a small twig that suspended the limb.

Officers cautioned the man as to the use of air rifles. They said he was "very cooperative" and agreed to try some other method of getting the limb down.

FOURTH OF JULY PASSES QUIETLY IN S. MADRE

Fourth of July passed quietly away in Sierra Madre, with only a few reports of fireworks violations.

Most serious incident was the shooting off of Roman candles in a vacant lot. Police quickly stepped in and warned the children involved of (1) the fire hazards, and (2) laws covering the use of fireworks.

City volunteer firemen spent most of the day with their families at their annual July 4th picnic, held at the Wistaria Vine Gardens. Many of them went for swims in the Canyon Pool in the afternoon.

Mariner Scouts Practice Rowing Skills at Beach

Mariner Scouts of Troop 11-17 are going to the beach today and will rent a boat to practice rowing for their Mariner ratings.

The girls held their first Mariner meeting July 1 and heard an informal talk by Margot Woodworth, a former Mariner Scout. They practiced the "Mariner Ceremony," which is the boarding of a ship, and learned a few basic nautical rules and "sea talk."

According to Carolyn Wread, publicity chairman, the unit hopes to serve Sierra Madre and help in community drives and projects. Mrs. Norma Lauder is leader of the group.

Girls attending the meeting last week included Jo Podliska, Sally Lauder, Miss Wread, Pat Hawkins, Franklin Bradshaw, and Lynn Voges. Guests, besides Miss Woodworth, were Lynne Carter, Sally Hooker, and Sharon Dron.

An Editorial:

DOWNTOWN PARKING IS A MUNICIPAL PROBLEM

The City Council "overlooked" one of the most logical suggestions it could have made on how to obtain offstreet lots.

Creation of a parking authority, or perhaps district, seems to be the only fair and effective way of handling the problem. This alternative was not included in the council's suggestions, probably because the councilmen still prefer to think of parking as simply a merchants' problem.

Such a municipal body would have the power to: (1) condemn property for use as lots; (2) avoid the costly item of a sales tax on land purchases, since states cannot tax cities; and (3) spread a more equitable assessment over merchants or the town as a whole.

Sierra Madre's city fathers should realize that downtown parking is a municipal problem. True, the businessmen gain much when adequate parking facilities are available, but so do the shoppers.

Individual merchants can hardly be expected to bear the financial load of buying lots. The city fathers must surely remember what happened the last time a small group tried to purchase land for parking. The price tag on the parcel of land soared almost out of sight.

Under the processes of eminent domain, however, such land could be acquired at a price fair to all parties.

It is sincerely hoped that the city will recognize its share of the responsibility in solving the acute parking situation—a problem that concerns all Sierra Madreans.

Lucky you—you were careless but those in your path were not

LETTERS TO THE EDITOR

Editor, Sierra Madre News:

At a recent executive meeting of the Bethany Women's Missionary Society, we gave a unanimous vote of appreciation for your cooperation. We do wish to thank you for the publicity space given to announcing the Bible Conference which was a great success with good attendance.

Thanking you again,

Cordially,
ELEMORE M. PATTERSON,
46 W. Orange Grove.

Editor, Sierra Madre News:

Your newspaper's support of our 1952 Cancer Crusade in bringing public awareness to the American Cancer Society's fight against cancer has helped to make this year's campaign the most successful one we have ever had.

Please accept our sincere appreciation for your wholehearted support. Your efforts on our behalf have made it possible for a greater program of cancer control through research, education and service to be conducted in Los Angeles County this coming year. By alerting the public to cancer's danger signals, you have helped to save lives from the dread disease cancer.

Cordially yours,
VERA M. COX, Publicity Director

SALVATION ARMY WORKERS START FUND APPEAL HERE

Two Salvation Army representatives are in Sierra Madre this week to spearhead the army's annual fund appeal.

The representatives—Miss Iris and Mrs. Fred Jackson—started their soliciting work Monday.

Meanwhile R. C. Lewis and Al E. Morgan, chairman and treasurer, respectively, of the Sierra Madre sponsoring committee, renewed their appeals this week for residents to mail their Salvation Army donations to the Bank of Sierra Madre.

Letters with return envelopes have been sent every household in Sierra Madre, and Messrs. Lewis and Morgan are trying to speed up the donation replies.

Salvation Army dollars are earmarked for the following uses: health aid for students; school lunches for children; playground equipment; disaster and war service; care for unwed mothers; camping for mothers and children; Lytton Home for Children; Red Shield Thrift Stores; aid to prisoners, parolees, missing persons bureau, evangelistic activities; and officers training college.

Members of the Sierra Madre committee include Charles B. Klunk, Harry A. Lange, Mrs. R. A. Pratt, Thomas M. Schwartz, Frank A. Spencer, Mrs. F. H. Peterson.

MEETING YOUR NEIGHBORS IN

Hastings Ranch

KAY GATES—Custer 5-2183

Fireworks glittered in the yards of many of our homes Friday night as we celebrated the holiday here in the customary way, and probably the adults derived as much pleasure from the displays as the children did.

Among those who gathered with friends and neighbors for festivities over the 4th were: the Stan Ponnards and Lee Carriers at the latter's home on Greenhill road following the races, with Arcadia friends joining them in swimming, a barbecue, and finally fireworks for the younger set which included Alice Eichorst of the ranch and Lynn Voges from Upper Hastings Ranch; the William Holmes of Hampton road, the Robert Lawrences previously of Mayfair road, and the Ed Murphys of Hampton road starting with a swim and followed by a luscious barbecue at the Ed Murphy's home; the Frank Murphys and their sailing companions on their boat trip to Hawaii last year—the Jack Baldwins of Los Angeles—at a buffet barbecue after which the Baldwins showed the group moving pictures they took on the trip to the islands; 28 guests from Long Beach at the Charles Day's home on Shadow Grove road for swimming followed by a barbecue; and the initiation of a new barbecue at the Kenneth Kaler's on Shadow Grove road, Sunday night, for 10 guests.

Some of our neighbors traveled elsewhere over the weekend. Among them were: the George Bulgars of Rim road who spent the three days at their beach home on Balboa Island; and the Elmer Morton of Shadow Grove road who drove to Kern River on Saturday in their MG with the top down. "It was ONLY 110", so we are slightly unburned," Mrs. Morton reports. Also, we hear the Frank Murphys are now "Honeymooning" again—this time in San Francisco. Wasn't that their excuse for the Hawaiian trip last year?

Lions to View Film on Milk

"The Story of Milk," a film produced by Meadow Gold Dairies, will be presented at this evening's meeting of the Sierra Madre Lions Club, 7:15 p.m. at the Woman's Club house, 270 W. Sierra Madre boulevard.

Presenting the film will be John Luck of the dairy firm. Two new members of the club will be installed during the evening. They are Sam Simpson and Ed Meyer.

1-A Draftees Can Still Join Navy

Authority for the Navy to accept 1-A men who have received pre-induction physical examinations has been extended "indefinitely," according to Walter K. Stow Jr., Navy recruiting officer in this area.

The Navy's authority to accept volunteers from this group has become a permanent agreement between the services. Men classified 1-A who have received pre-induction physical examinations, or orders to report for them, may still volunteer for any service they choose, it was announced.

COUSIN VISITS

Miss Carol Matthews of Kalamazoo, Mich., who is attending the National Convention of Sigma Kappa sorority at the Hotel Huntington in Pasadena, is the guest this week of her cousins, Mary and John Dewey of 50 Rancho road.

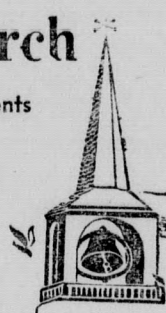

JOINS BANK STAFF

Miss Phillaine Swanson and parents, Mr. and Mrs. Leslie Swanson, of Milwaukee, Wis., are now renting the home of F. L. C. Roess, 83 W. Highland. The Swansons arrived here on June 17, and Miss Swanson is now associated with the Bank of Sierra Madre.

MISS JACOBSON TO WED FRIDAY BY CANDLE LIGHT

In a candle-lit ceremony at 8 p.m. Friday, Miss Marian Jacobson, daughter of Mr. and Mrs. Lonnie Hall, formerly of DeLand, Fla., and now of Sierra Madre, will become the bride of Paul A. Kuckuck, son of Mr. and Mrs. J. C. Kuckuck of Garrett, Ind. The double-ring service will be performed by the Rev. Don B. Rood before the altar at Bethany Church.

Mrs. A. Brice Carlson will serve as organist and Mrs. Don B. Rood, as soloist, will sing "Because," "I Love Thee," and "Savior, Like a Shepherd Lead Us."

The bride, who will be given in marriage by her father, has chosen a gown of white embroidered organdy over taffeta. The model is fashioned with a scalloped neckline, short puffed sleeves, a pointed waist and a bouffant skirt. She will wear matching embroidered organdy mitts, and her fingertip-length veil falls from a beaded tiara. A white Bible surmounted with white roses, from which falls a shower of satin ribbon caught with tiny rosebuds, will be in her hands, and her only jewels will be a string of pearls, the gift of the bridegroom.

Miss Laura Schreuer of Sierra Madre, maid of honor, will wear a gown of pale green organdy over taffeta, with a matching headpiece and mitts, and carry yellow gladioli with pale green streamers.

Bridesmaids will be Eudie Bartlett of Los Angeles and Jeanette Carlson of Sierra Madre. They will be gowned respectively in deep and pale pink models made like that of the maid of honor, with matching mitts and headpieces, and carry bouquets of mixed sweet-

peas with streamers matching their gowns.

Lorraine Ballenger, as flower girl, will wear a frock of yellow embroidered organdy and carry a basket of rose petals. The ring bearer is Ricky Rood, son of Rev. and Mrs. Don B. Rood.

Jack Chick of Pomona will be best man for Mr. Kuckuck, and his ushers are Clarence Schreuer of Sierra Madre and Lee Brown of Pasadena.

A reception at the home of the bride's grandparents, Mr. and Mrs. W. A. Evans of 397 W. Montecito, will follow the ceremony. After a wedding trip to an undisclosed destination, the bride and bridegroom will be at home to their friends after August 1, in Burbank.

Forty Guests Attend Shower

Approximately 40 guests were present Saturday at a shower held in Bethany Church social hall to honor Miss Marian Jacobson, whose forthcoming marriage to Paul A. Kuckuck will be celebrated Friday evening.

Hostesses for the event were Mrs. Clarence Schreuer, Miss Laura Schreuer and Miss Jeanette Carlson. Miss Schreuer and Miss Carlson will be attendants at the wedding.

At a table arranged with white crepe paper wedding bells and heaped with fancifully-tied gifts the hostesses served a molded salad course and poured tea and lemonade.

Localites Hostesses At Alumnae Supper

Among the hostesses at the swimming and supper party which Mills College Alumnae gave to honor incoming students Wednesday were Susan Marmion of Sierra Madre and Mary Charlene Nugent, Lolita Rothwell and Joanne Wilcox of Arcadia.

Guests honored as they prepared to enter Mills included Olive Khaw of Rangoon, Burma, who is now living in Arcadia.

The event, an annual affair, was held this year at "Two Gates," home of Mrs. Enos A. Stevenson at 2045 Monterey Road, South Pasadena.

TURN TO THE CLASSIFIED

SAYING "I DO" to Uncle Sam is Wynne Cleo Schewepe, 18-year-old daughter of Mr. and Mrs. Frederic Schewepe of 182 N. Lima street. Miss Schewepe was sworn into the WAVES in a ceremony held July 1 in Pasadena. Chief James C. Smith, left, is shown administering the oath, after which Seaman Recruit Schewepe left by airplane for Bainbridge, Md., where she will receive her basic training. A graduate of Pasadena City College in the class of 1951, the new WAVE returned to college last fall to take additional training for the post of airline hostess. But she's In The Navy Now!!
Pasadena Independent Photo

NO CHILD SHOULD MISS CAMPING FUN - GILBERT

By Roy O. Gilbert, M.D., Los Angeles County Health Officer
Camping is an experience that no youngster, either boy or girl, should miss. Most parents agree that camping offers a child an opportunity to enjoy the recreational pleasures of outdoor life after a confining year in school.

As true as this is, parents too often overlook the fact that camping offers a child much more than hiking, swimming, boating, and the other usual enjoyments of life in the wide open spaces.

As the day draws near to throw his duffel bag in the camp-bound truck, the child is aware that the opportunity has come to try his wings at living with other people with no apron strings attached to the bargain. It is quite different from the experience he may have had as a visitor in the homes of relatives or friends.

More than anything else, the child wants to feel that he is a part of the gang. He wants to "belong" and hopes that he will be accepted. He is at last free to face with a real life situation which will repeat itself many times as he goes through life. He has an opportunity now to learn first hand some of the things that are important in living successfully with other people.

As the days go by in camp most children get the idea in one way or another that they must accept responsibilities along with privileges. They learn that they are expected to do their share of work whether it entails camp chores or recreational activities. They learn that they must keep belongings in an orderly manner and that good personal hygiene is their own responsibility. They begin to sense that there are certain things that the group approves and others that they disapprove.

Although the child is learning from first hand experience, he is unknowingly being helped over some of the rough spots by a trained camp counselor. In fact most of the personnel in a first class camp are selected partly because of their ability to understand children and to give help to those who need it. The important factor to be considered in providing a satisfactory camping experience for children is the quality of the camp personnel.

In all good camps today, personnel is trained to conduct a routine in which the health and safety of the child is a major consideration. Programs are designed to balance strenuous activities with adequate rest. A wide variety of activities are arranged to meet the physical capacities of a great many children, and counselors are trained to be alert for signs of fatigue, illness, and emotional tension. Next week this column will carry a brief survey of camping opportunities for children in

FOR ATHLETE'S FOOT A KERATOLYTIC IS A MUST.
What is a keratolytic? An agent that deadens the infected skin. It then peels off, exposing more germs to its killing action. Get T-4-L, a keratolytic, at any drug store. If not pleased in ONE HOUR, your 40c back. Today at Hartman's.

MISSION SOCIETY WILL MARK 2ND ANNIVERSARY TODAY

A birthday cake with two candles will hold the center of the stage when the Mission Aid Society of the Faith Lutheran Church meets for luncheon today at the home of its president, Mrs. C. H. Gerke, at 602 Mariposa avenue.

The group is celebrating its growth from a nucleus of four members, two years ago, to its present membership roll of 30. Still active are the original charter members—Mrs. Gerke, Mrs. Henry Schmitt, wife of the pastor, Mrs. Fred Schewepe and Mrs. Fred Rick.

In the ensuing years the Society sent boxes to the needy of Europe as well as the Apache Indians, contributed to a new project, the Good Shepherd Home for Spastic Children at Santa Ana, and assisted in building the treasury from which Faith Lutheran's new building program will emerge.

At today's anniversary event the hostess will be assisted by Mrs. M. J. Ober, Mrs. Mary Palmer, Mrs. Dorothy Megan and Mrs. Betty Barlow. Members will wear aprons, in the

Seattle Resident To Spend Summer In Sierra Madre

Margaret De Puydt of Seattle, Wash., arrived last week to spend the summer with the Jack Dunning, 301 W. Highland avenue.

Miss De Puydt is the cousin of Mrs. Dunning.

FIRE UNDERWRITERS From page one

under average fire conditions." Another suggestion was that the department's 1921 pumper ("Old Short") be placed in reserve... and be replaced by a "standard triple-combination pumper of 1000 gallons per minute capacity."

As for Sierra Madre's old fire horn, the board engineers suggested that a standard fire alarm telegraph system be installed in accordance with rules and regulations of the board "with first consideration being given to the mercantile and industrial areas."

Although the city's water supply fared quite well in the grading, the engineers also made several recommendations, among them: "that the water system be strengthened in supply and distribution to be capable of supplying the required fire flows in addition to domestic consumption."

In presenting their report, the engineers emphasized that "it is not expected that all of these suggestions can be completed immediately." The recommendations were based on fire protection standards for Sierra Madre and were designed for use as a guide in planning future improvements, it was said.

The City Council accepted and filed the study Tuesday night and asked that the fire chief attend the next pre-council meeting and present his "report on the report."

Skutt said, and it is hoped that the pupils will be ready to put on a broadcast over KWKW before the end of the four or five-week session.

Application blanks are available at the school office, or boys and girls can enroll by phoning Custer 5-3395.

(Adv.)

SUMMARY OF CURB PARKING RECOMMENDATIONS

Wishing that a summary of a brief talk given to the Parking Committee and a later written report by the Chief of Police be presented to the public, interested residents have arranged for this space.

A copy of the full text of the report and recommendation regarding "curb parking in the shopping center" may be read, by anyone interested, at the office of the Sierra Madre News.

The question of the rightful use of streets goes back many generations to the edicts regarding "stabling one's horse on the highway." "Now the problem is to regulate 'on street' parking to the maximum capacity of the streets, consistent with safety and ease of movement of vehicular and pedestrian travel."

Our streets are too narrow, with even their present volume of traffic, to continue angle parking with safety. On streets the width of ours, angle parking leaves enough room for one lane of moving traffic, only. It necessitates partially blind backing into the lane of oncoming traffic, often causing oncoming cars to cross the center line.

Whereas parallel parking leaves enough room for two lanes of moving traffic, it adds to the safety of pedestrians, to the safety of cars leaving stalls, and to the safety, convenience and facility of moving traffic, and it improves the appearance of the business area.

The following was quoted from a report on "Parking" by the Eno Foundation for Highway Control.

"Another study of accidents involving parked vehicles showed vehicles angle parked to be involved in about three times as many accidents, in leaving parking spaces, as vehicles parked parallel to the roadway."

As between 45 degree 10 foot stalls and 22 1/2 foot spaces parallel to the curb—there would be a loss of from 14 to 18 stalls in the downtown shopping district. Ten foot stalls are recommended because of the new, wider cars with longer doors.

(It has been ascertained that the parking lot provided for general use, by the Bank of Sierra Madre, would—if the stalls were marked—carry another 26 cars above the highest peak use, and that approximately 19 more could be parked on the rear of the lot if it were processed.)

JESSIE DUNNING, et al.

CREDIT WOMEN MEET

The Foothill Credit Women's Club met Tuesday for breakfast at the Leven Oaks Hotel. Guest speaker was Frank

Weiss, Ascadia attorney, whose topic was "Collection." Mrs. Mildred De Voss, president of the group, conducted the business session.

GROUP SEEKING 'FOLK MATERIAL' FROM THIS AREA

"Folk material" of the Sierra Madre area is being sought by the Southern California Folklore Society, recently organized, according to Dr. Gustave Arit, dean of the UCLA Graduate School, who is president of the new group.

Purpose of the society is to cultivate both scientific and popular interest in folklore, and especially the heritage of Southern California.

Stories, songs, beliefs, superstitions, dances, and folk festivals of all racial groups that make up the Southern California community will be sought and studied by the group, which is affiliated with the California Folklore Society.

Residents of this area who are interested in the study of folklore and in preserving the folklore materials of the Southland are invited to contact Dr. Austin E. Fife, at Occidental College, Los Angeles 41.

Hugh S. Bells Spending Summer At Brooks' Home

Mr. and Mrs. Hugh S. Bell, Jr., and daughter, Jean, of Columbia, S. C., are spending the summer at the home of Mrs. Bells' mother, Mrs. Gordon Brooks of 360 Mariposa. They will return in September to Columbia, where Mr. Bell is a student at the Columbia Bible College.

VANNIER, DODGE BEGIN NEW TERMS ON LIBRARY BOARD

Two members of the Sierra Madre Public Library Board were appointed for another term at a recent meeting of the City Council.

The two trustees beginning new terms of office are Dr. Webster Vannier and Robert D. Dodge.

MISS WOOD FLIES

Miss Pamela Wood, daughter of Lt. Comdr. and Mrs. Charles E. Wood of Auburn avenue, left by plane this week to spend the summer with her maternal grandparents, Mr. and Mrs. Gilbert Rayner of Lake Forest, Ill.

PUPILS CORRESPOND WITH CHILDREN OF OTHER LANDS

City School sixth graders of Philip T. Mitchell's class have a graphic method of learning about people of other lands. They correspond with them.

Mr. Mitchell works in the his other class studies. It helps results in better international understanding for the children," he explained.

The Sierra Madre students wrote their letters in March, and Mr. Mitchell mailed them in care of the superintendent of schools, Capetown, South Africa.

So far, the teacher reports, five boys and girls have received return letters. And one—Danny Armstrong—has received seven.

One of the Capetown youngsters sent a picture of Table Mountain and explained that the characteristic white cloud shown hovering over the mountain is affectionately called the "table cloth" by citizens of his city.

Other letters from Capetown have described South Africa's principal crops, climate, and geographical features. Aside from the educational value of the correspondence, the local boys and girls are able to augment their foreign stamp collections.

Last year Mr. Mitchell's pupils exchanged letters with children in Melbourne, Australia. He says he has experimented with the project in other schools and, at one time, he had junior college students writing abroad.

USMC Recruiting Sergeant Comes To Town Mondays

A recruiting sergeant comes to Sierra Madre every Monday afternoon for the purpose of enlisting local youths in the US Marine Corps.

Staff Sgt. Willette, USMC, also has opened a recruiting station at the Monrovia Post Office. He said the station will be open Monday through Friday, 9 a.m. to 12 noon.

Sunday School Staff Fetes Miss Stranske

The Sunday School staff of Bethany Church were hostesses Tuesday evening at a shower in Fellowship Hall, honoring Miss Evelyn Stranske, whose marriage to J. W. Moore will take place August 1 at that church.

Approximately 75 guests gathered to present the honoree with miscellaneous gifts. Mrs. Wilbur O. Ballenger was in charge of the hostesses.

Melvors Make 'Gypsy Trip'

Mr. and Mrs. Murdo Melvor of 520 Ramona accompanied by Mrs. Jessie Ward Russell, took a "gypsy trip" recently, making leisurely stops at Santa Barbara, Monterey, San Rafael, Reno, Bishop and then home. Mrs. Melvor is the well-known local artist Bee Ward Melvor.

LUNCHES IN LOS ANGELES

Miss Maxine A. Miller of 674 Orange Drive spent last Thursday in Los Angeles, lunching with friends and passing the afternoon at cards.

Legal Notice

NOTICE OF SALE OF REAL PROPERTY AT PRIVATE SALE No. 326,564

In the Superior Court of the State of California in and for the County of Los Angeles.

In the matter of the estate of Caroline F. Morton, Deceased.

Notice is hereby given that the undersigned Noren Eaton, Executor of the last Will and Testament of Caroline F. Morton, deceased, will sell at private sale, to the highest bidder, upon the terms and conditions hereinafter mentioned and subject to confirmation by the said Superior Court, on or after the 12th day of July, 1952, at Dunn, Sturgeon & Hanley, 201-204 Neville Building, City of Monrovia, County of Los Angeles, State of California, all the right, title and interest of said deceased at the time of death and all that certain real property particularly described as follows, to-wit:

That portion of Lot 8 of Sierra Madre Tract, in the city of Sierra Madre, county of Los Angeles, and state of California, as per map recorded in book 4 pages 502 and 503 of Miscellaneous Records, in the office of the county recorder of said county, described as follows:

Beginning at the intersection of the center line of a private road 30.00 feet in width, with the northerly line of Orange Grove Avenue, formerly Live Oak Avenue, 50 feet in width, said intersection being, westerly along the northerly line of said Orange Grove Avenue, 398.31 feet from the center line of Rancho Road, formerly Morton Avenue, 60.00 feet in width; thence northerly

international letter-writing with stimulate a democratic spirit and

Wrecks Are Like Plunging Off Building

Far too many Californians are driving at speeds which, if an accident occurs, would produce the same damage as though they had plunged off a high building, the California Highway Patrol said today.

Patrol officials pointed out that a car—and its occupants—hitting a solid object at 50 miles per hour would be as severely damaged as though it had been dropped from a 7-story building; at 60 miles per hour, the same as a fall from a 10-story building.

The old saying about falls, "it's not the fall that hurts you, it's the sudden stop," applies to speeding as well, they said.

"You can avoid those often fatal sudden stops by driving at speeds at which you are certain you have complete control over your car and will continue to have in case of emergency."

Listed as sound speed control rules were 1) set speed according to weather, traffic and road conditions; 2) keep a safe distance behind other vehicles—one car length for every 10 miles of speed; 3) allow ample time for trips so you won't have to cram long distances into short hours.

BROWNIES MAKE TRAY FAVORS FOR VETERANS

Colorful July 4th tray favors were made by Sierra Madre Brownie Scouts for patients at the Long Beach Veterans Hospital.

The girls made the favors in response to a plea by the local Red Cross Chapter.

Brownie units helping with the project included Troop 19, Mrs. Paul Burton, leader; Troops 3 and 17, Mrs. Norma Lauder, leader; Troop 14, Mrs. William Kinney and Mrs. Ira Simpson, co-leaders; Troop 13, Mrs. Roy Arnold and Mrs. Ted Dammeier, co-leaders; and Troop 15, Mrs. Arthur Draeger, leader.

Guthertz, Morgan Are Charter Members of Order

Sierra Madreans Hans Guthertz and Cavin Morgan are charter members of the recently established San Gabriel Valley Boy Scout Council's Order of the Arrow.

The order is a national brotherhood of Boy Scout honor campers, and eligibility for membership is based primarily on camping, although service and participation in Scouting and community affairs also play a major role in being elected.

Will Rogers, Jr., son of the famed cowboy humorist, who portrays the role of his famous father in the forthcoming motion picture "The Will Rogers Story", will be Grand Marshal of the grand entry parade of the eighth annual Sheriff's Rodeo in the Los Angeles Coliseum, Sunday afternoon, August 24. Fast action and spectacular feats of horsemanship will furnish thrills. Tickets are available at all Sheriff stations.

Bethany Church Mariners Go Roller Skating

The Mariners, young married group of the Bethany Church, celebrated the Fourth of July holiday with a box supper and skating party Thursday night at the First Presbyterian Church, Oakland and Colorado avenues, Pasadena.

After a short devotional period led by the pastor, the Rev. Don B. Rood, the group exchanged boxes, by means of strings which were drawn by the husbands. Following supper they skated—sustaining the usual number of falls and bruises, according to Mrs. Fred Morgan, one of the hostesses.

Hosts and hostesses who arranged the affair included Mrs. Morgan and her husband, Mr. and Mrs. Henry Childers and Mr. and Mrs. Ivan Owens.

The annual family picnic will be held in August, following a tradition of long standing with the group. Mrs. Morgan reported. After that they will return to their custom of planning a surprise event for each monthly meeting.

NOTICE OF PUBLIC HEARING BEFORE THE PLANNING COMMISSION

Notice Is Hereby Given pursuant to the provisions of Ordinance No. 391 of the City of Sierra Madre as amended, that the Planning Commission of the City of Sierra Madre has fixed Thursday, July 24, 1952, at the hour of 8:00 o'clock P.M. in the Council Chamber in the City Hall, 55 West Sierra Madre Boulevard, Sierra Madre, California, as the time and place for holding a public hearing on the question of a proposed variance to reduce side yards and distance between buildings on Lot 8, Spaulding and Pinneys Subdivision, located at the south-east corner of Highland Avenue and Lima Street, Sierra Madre, California.

The application for said variance is based upon the grounds that there are special circumstances attached to said property which generally do not apply to other properties in the same district and vicinity; that the granting of a variance as aforesaid will not result in a material damage or prejudice to other property nor be detrimental to the public welfare or injurious to persons in the vicinity thereof, in that the proposed variance, if granted, would be subject to such conditions as the Planning Commission may deem necessary to assure that the spirit and purpose of said Ordinance No. 391 will be observed, public welfare and safety secured and substantial justice done to all parties.

Dated July 3, 1952.

By Order of the Planning Commission

DR. DAVID S. WOOD, Secretary

Pub. July 10, 1952.

Field School Summer Play Events Start

Summer playground activities started last week at Euclid School in the Hastings Ranch.

A balanced program of "active" and "quiet" events is offered boys and girls of Eugene Field, Don Benito and Woodrow Wilson Schools on Tuesday, Wednesday and Thursday mornings, 9 to 12.

Activities include sports, crafts, square dancing, movies, bicycle parades, watermelon feeds, cook outs, swimming parties, story telling, and dramatics.

More than 20 mothers have volunteered to help with the program. Library books will be issued on alternate Thursdays from the Lamanda Park Branch Library, according to Miss Lillian Strickland, branch librarian.

Members of the planning committee—from Don Benito and Field Schools—include Mrs. Arthur Brearley, Mrs. Draper Jennings, Mrs. Dunbar Burdick, Irving Garrison, chairman of the recreation committee of Field P-TA, Mrs. Richard Beaty, Mrs. Kenneth Smith, Mrs. Gerald Ferracone, Mrs. Ward Clark, J. Ray Haworth, Field School principal, Mrs. Gordon Doyle, Mrs. Kenneth Simpson, Mrs. Donald Mortensen, Mrs. Guy R. Spigle, playground director.

Butler Family Back From Southwest

Mr. and Mrs. Jack Butler and their four children, Joel, David, Jonathan and Deborah, have returned to their home at 180 E. Sierra Madre boulevard, after a three-weeks' vacation spent in Mexico and the Southwestern United States.

During their tour they were guests of Mrs. Butlers parents at Falcon Dam, on the Texas border, and with them visited Monterey, Victoria and Nuevo Guero. On the return trip the family stopped at the Carlsbad Caverns, the Painted Desert and the Petrified Forest.

Women's Missionary Society Will Meet

The Women's Missionary Society of the Church of the Nazarene will meet this evening, 7:30 p.m., at the church. Besides being the first session of the year, it will mark the first time Mrs. Alvin Bentz has presided as the group's new president.

The women will continue with their study of the book, "Jerusalem and Beyond" by Alice Spangenberg.

Church Group Has All-Day July 4 Picnic

Members of the Church of the Nazarene Women's Missionary Society entertained their families and friends with an all-day picnic at Santa Anita Park July 4.

The Sierra Madreans had a wiener roast in the early evening, then watched the fireworks display at night. Many went swimming in the park plunge during the afternoon.

MAKE COMPLETE STOP

Make each boulevard stop a complete stop, urges the National Automobile Club.

Lumber Job Names

CAT SKINNER. Not in the fur business. He's the expert driver of a big tractor that hauls logs from the woods.

PUNCHER. No fisticuffs. He operates a logging engine known as a donkey.

SCALER. No fish-cleaning. He measures the logs and records their quality.

DONKEY DOCTOR. No veterinarian. He makes mechanical repairs to logging equipment.

PLEASER. Every Hammond employee—they're all instructed to please the customer!

The Mountie and His Horse

THE Canadian Rockies wouldn't be the Canadian Rockies to American visitors unless they saw a scarlet-coated Royal Canadian Mounted Policeman and his horse. Here is one of the "mounties" who is stationed in Jasper National Park with his horse "Blackie" and in the background is multi-colored Pyramid Mountain across the Athabasca Valley from Jasper Park Lodge.

TRINITY CIRCLE TO HEAR MISSIONARY FROM BRAZIL

The Rev. Richard W. Irwin, recently returned to the Southland after more than four years of missionary service in the interior of Brazil, will address the Trinity Presbyterian Circle at its next meeting, Tuesday, July 15.

The circle members will meet at 7:30 p.m. at the home of Mrs. William A. Vensel, 187 W. Montecito.

While in Brazil, the Rev. Mr. Irwin worked in radio evangelism. His field in the frontier state of Goiaz extended over a region larger than Southern California and included 60 congregations and preaching points, five elementary schools, a hospital, and a monthly Protestant publication.

Now on furlough, the missionary is studying toward his master's degree in radio and television at the University of Southern California. He is a graduate of Manual Arts High School and UCLA.

The Rev. Mr. Irwin received his seminary training at Princeton Theological Seminary and was ordained in 1947 by the Presbytery of Los Angeles. He was appointed to the Central Brazil Mission by the Presbyterian Board of Foreign Missions.

Business of the evening will include the organization of an evening circle, according to Mrs. Willard T. Young, chairman.

PARKING

From page one

down, drag-out part of the meeting, we have a guest speaker." He was A. R. Nelson, a representative of the Pasadena Safety Council.

Mr. Nelson, whose remarks were not received too cordially by some members of the committee and the merchant-packed audience, declared that parallel parking is coming eventually for Sierra Madre boulevard. "Whether it is for the other streets, I don't know," he said.

"I've come to tell you that it is not a good safety practice to angle park in this street (Sierra Madre boulevard)."

Mr. Nelson stated that from an engineering standpoint streets should be at least 70 feet wide for safe angle parking. (Baldwin is 55 feet wide; Sierra Madre boulevard is 60 feet wide.)

"Parallel parking is the proper way to park a car," the speaker declared. "If it wasn't, it wouldn't be done universally." (He used the figures 99 per cent and 1 per cent to show how many cities use parallel parking.)

"I know it's a selfish matter with you merchants," Mr. Nelson continued, "but when you have hundreds of cars using the streets you must give precedence to them."

He listed two reasons for angle parking being considered undesirable for streets less than 70 feet wide: Angle parking takes up more roadway and necessitates the flow of traffic to slow down, stop, or cut across the white middle lines; and the "safety angle."

Chief McMillan presented a written report, in which he concurred, in general, with the statements of Mr. Nelson.

The merchants present and the majority vote of the committee took the view, however, that the time to do away with angle parking is when adequate offstreet facilities are available.

MALONES LEAVE FOR TEXAS

Mrs. Carror G. Malone of Carthage, Texas, with her daughter, Miss Mary Beth Malone, left Tuesday after spending three weeks with the James L. Malones at 258 E. Sierra Madre boulevard. On their return trip they will spend a short time at Yosemite National Park.

Signal and Be Sure.

Don Benito Site 'War' Hangs Fire

Expected fireworks regarding the proposed Don Benito School site fizzled out at Monday's meeting of the Pasadena Board of Education.

A spokesman for some 30 Upper Hastings Ranch property owners, who have protested a 5- to 9-foot wall and 12-foot fence planned for the southern part of the site, asked for more time in which to prepare their case.

He said his group wished to study final plans for the school which are now available. The matter is expected to come under discussion at next week's board session.

Bentz Family Leaves Friday For Colorado

Mr. and Mrs. Alvin Bentz and daughter, Suzanne, 6, of 316 Sycamore, will leave tomorrow night on a two-week motor trip to Colorado.

They will visit Mrs. Bentz' parents, Mr. and Mrs. Arthur Wells of Florence, near Denver, and Mr. and Mrs. Robert Wells of Pueblo. Mr. Wells is the brother of Mrs. Bentz.

During their travels the Sierra Madreans plan to tour several national parks, including Bryce and the Dinosaur National Monument.

FAITH LUTHERAN

From page one

unit would include an auditorium with a seating capacity of 250 persons, a pastor's study, three Sunday School classrooms, a kitchen, women's lounge, and men's rest room.

The church's building committee, appointed last week, includes Warren Zelt, chairman, Albert Gaepfinger and Fred Rick.

Minister, Wife Return to Ohio

The Rev. Mr. and Mrs. Robert D. Dewey of Cleveland, Ohio, who have been guests at the H. E. Dewey home, 50 Rancho road, returned Sunday to their home state.

The Rev. Mr. Dewey had been attending the National Pilgrim Fellowship Conference held in Claremont. He is the Congregational Church's minister of youth for the entire state of Ohio and supervises junior high, senior high, and college youth activities.

Teachers Laud Nursery School Play Equipment

A group of teachers enrolled in UCLA Extension Division summer classes visited the Sierra Madre Community Nursery School yesterday afternoon to examine play equipment provided for local nursery school children.

The teachers said they are studying the most modern and appropriate types of play equipment for young children and chose Sierra Madre's Nursery School as a model.

City Summer School Opens With 59

The five-week Summer Session opened at City School Monday with an enrollment of 59.

Charles A. Skutt, superintendent, reported that 34 pupils registered for the primary-grade level, and 25 for grades four, five and six. Mr. Skutt said he expected this total to swell to 65 by the end of this week.

Classes are held Monday through Friday, 8:30 to 12:30, and will continue through Friday, Aug. 8. Mr. Skutt pointed out that afternoons are left free so boys and girls may participate in the recreation program at the school playground.

Miss Claire Newman is instructor of the primary grades; Mrs. Florence Goodwin is teaching the fourth, fifth and sixth grades.

STRIPERS TAKEN

Exceptional numbers of small striped bass have been taken during the past week in the waters off Marin County, reports the National Automobile Club.
